

Bespoke

Sophisticated and Modern, our new Bespoke collection offers almost an unlimited set of options to suit any contemporary design. Never before have so many choices been available to homeowners, designers/architects and builders. Dreams, Design and Durability finally come together. Our new Brushed Face and Hidden Fastener along with options such as textured or smooth face help define our Bespoke Line.

**Dreams
Design and
Durability**
finally come together

Try a custom siding profile to make the project truly unique. Add special lengths, pressure treatment, semi transparent and our new metal accents to finish off your project. Once the exterior of your home is complete, it's time to move to the interior with Bespoke Shades, Whitewash and Sugi Ban. Our New interior cladding will enhance any home with a distinctive look that can only be achieved using real wood and our new colour system.

Bespoke

Brushed

Graciously placed half way between textured and smooth siding

Hidden Fastener

Swift installation allowing uninhibited cladding view

Shades

Endless interior design choices with Shades color
